Re: Amendment N0.1

Reference is made to the tender for supply of rubber removal truck, training of operators and provision of annual maintenance Services, Tender N0. 10/G/2021-2022/RUBBER/IC/RAC

We would like to inform you that, the tender document has been amended as follow:

S/N0.	Initial clause	Amended clause
1	<p>Capacity of fresh water tank of 10,000 liters to be made in stainless steel 304 stainless steel with at least 4mm thickness;</p> <p>Waste tank of 12,000 liters to be made in stainless steel 304 stainless steel with 5mm thickness and also pneumatically operated valve.</p>	<p>The total size of water tank and debris should be not less than 17m3 instead of 22m3 as it was proposed in tender document.</p>
	<p>Vehicle Chassis to be a left hand Mercedes Benz/ MAN</p>	<p>The Chassis of truck shall comply with Euros 5 Emission standards</p>

Sincerely,

Charles HABONIMANA
Managing Director
