1. Introduction

- 1.1. RAC named in the Data Sheet will select a consulting Consultant/organization (the Consultant) from those listed in the Letter of Invitation, in accordance with the method of selection specified

in the Data Sheet.

- 1.2. The short-listed Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Data Sheet, for consulting services required for the assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 1.3. Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to visit RAC before submitting a proposal and to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. Consultants should contact the Client's representative named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 1.4. RAC will timely provide at no cost to the Consultants the inputs and facilities specified in the Data Sheet, assist the Consultant in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 1.5. Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. RAC is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.

Conflict of Interest

- 1.6. Rwanda Airports Company procurement policy requires that Consultants provide professional, objective, and impartial advice and at all times hold the Client's interest's paramount, strictly avoid conflicts with other assignments or their own corporate interests, act without any consideration for future work and in accordance with the Rwanda airports procurement manual on public.
- 1.6.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:

Conflicting activities

- i) A Consultant that has been engaged by RAC to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a Consultant hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the Consultant's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

Conflicting assignments

- ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Client. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a Consultant assisting RAC in the privatization of public assets shall not purchase, nor advise purchasers of, such assets. Similarly, a Consultant hired to prepare Terms of Reference for an assignment should not be hired for the assignment in question.

Conflicting relationships

- iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Client's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, shall not be awarded a Contract.
- 1.6.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.
- 1.6.3 No current employees of RAC shall work as Consultants in government ministries, departments or agencies. Recruiting former government employees of RAC to work for their former ministries, departments or agencies is acceptable provided no conflict of interest exists.

Unfair Advantage

- 1.6.4 If a short-listed Consultant could derive a competitive advantage from having provided consulting services related to the assignment in question, RAC shall make available to all short-listed Consultants together with this RFP all information that would in that respect give such Consultant any competitive advantage over competing Consultants.

Fraud and Corruption

- 1.7 Rwanda Airports Company procurement policy require that all RAC itself, as well as Consultants participating in RAC procurement proceedings adhere to the highest ethical standards, both during the selection process and throughout the execution of a contract. In pursuance of this policy, the Rwanda airports company procurement manuals:
- (a) defines, for the purpose of this paragraph, the terms set forth below as follows:
 - (i) "corrupt practice" means offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence a civil servant or Government entity
 - (ii) "fraudulent practices" means any act or omission, including a misrepresentation, that knowingly or recklessly misleads or attempts to mislead a civil servant to obtain a financial or

other benefit or to avoid an obligation

(iii) “collusive practices” means means arrangement between two or more parties designed to achieve an improper purpose, including influencing another party or the civil servant

(iv) “coercive practices” means any act intending to harm or threaten to harm directly or indirectly persons, their works or their property to influence their participation in the procurement process or affect its performance

(v) “Obstructive practices” means destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators deliberately in order to materially impede investigations into allegations of a corrupt, coercive or collusive practice: and/or threatening, harassing or intimidating any party to prevent him/her from disclosing his/her knowledge of matters relevant to the investigation or from pursuing the investigations.

- (b) require rejection of a proposal for award if it is determined that the Consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the contract in question;
- (c) require sanctions to a Consultant, including declaring the Consultant ineligible, either indefinitely or for a stated period of time, to be awarded any contract if at any time it is determined that the Consultant has, directly through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing a contract; and
- (d) gives the right to require that, a provision be included requiring Consultants to permit the RAC to inspect their accounts and records and other documents relating to the submission of proposals and contract performance, and have them audited by auditors appointed by client.

1.8 Consultants, their Sub-Consultants, and their associates shall not be under a declaration of ineligibility for corrupt and fraudulent practices in accordance with the above para. 1.7.

1.9 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).

Single Proposal

1.10 Short-listed Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to more than one proposal.

Proposal Validity

1.11 The Data Sheet indicates how long Consultants’ Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated

in the Proposal. RAC will make its best effort to complete negotiations within this period. Should the need arise, however, RAC may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension shall certify that they maintain the availability of the Professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Consultants could submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.

2. Clarification and Amendment of RFP Documents

- 2.1. Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the Client's address indicated in the Data Sheet. RAC will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should RAC deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under para. 2.2.
- 2.2. At any time before the submission of Proposals, the RAC may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals RAC may, if the amendment is substantial, extend the deadline for the submission of Proposals.

3. Preparation of Proposals

- 3.1. The Proposal (see para. 1.2), as well as all related correspondence exchanged by the Consultants and the Client, shall be written in the language (s) specified in the Data Sheet.
- 3.2. In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.
- 3.3. While preparing the Technical Proposal, Consultants must give particular attention to the following:
- (a) If a short-listed Consultant considers that it may enhance its expertise for the assignment by associating with other Consultants in a joint venture or sub-consultancy, it may associate with either (a) non-short-listed Consultant(s), or (b) short-listed Consultants if so indicated in the Data Sheet. In case of association with non-short-listed Consultant(s), the short-listed Consultant shall act as association leader. In case of a joint venture, all partners shall be jointly and severally liable and shall indicate who will act as the leader of the joint venture.
 - (b) The estimated number of Professional staff-months or the budget for executing the assignment shall be shown in the Data Sheet, but not both. However, the Proposal shall be based on the number of Professional staff-months or budget estimated by the Consultants.

For fixed-budget-based assignments, the available budget is given in the Data Sheet, and the

Financial Proposal shall not exceed this budget, while the estimated number of Professional staff-months shall not be disclosed.

- (c) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.

Language

- (d) Documents to be issued by the Consultants as part of this assignment must be in the language(s) specified in the Reference Paragraph 3.1 of the Data Sheet. If Reference Paragraph 3.1 indicates two languages, the language in which the proposal of the successful Consultant will be submitted shall govern for the purpose of interpretation. It is desirable that the Consultant's Personnel have a working knowledge of the Client's national language.

Technical Proposal Format and Content

- 3.4. Depending on the nature of the assignment, Consultants are required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP). The Data Sheet indicates the format of the Technical Proposal to be submitted. Submission of the wrong type of Technical Proposal will result in the Proposal being deemed non-responsive. The Technical Proposal shall provide the information indicated in the following paragraphs from (a) to (g) using the attached Standard Forms (Section 3). Paragraph (c) (ii) indicates the recommended number of pages for the description of the approach, methodology and work plan of the STP. A page is considered to be one printed side of A4 or letter size paper.
- (a) (i) For the FTP only: a brief description of the Consultants' organization and an outline of recent experience of the Consultants and, in the case of joint venture, for each partner, on assignments of a similar nature is required in Form TECH-2 of Section 3. For each assignment, the outline should indicate the names of Sub-Consultants/ Professional staff who participated, duration of the assignment, contract amount, and Consultant's involvement. Information should be provided only for those assignments for which the Consultant was legally contracted by RAC as a corporation or as one of the major Consultants within a joint venture. Assignments completed by individual Professional staff working privately or through other consulting Consultants cannot be claimed as the experience of the Consultant, or that of the Consultant's associates, but can be claimed by the Professional staff themselves in their CVs. Consultants should be prepared to substantiate the claimed experience if so requested by the Client.
 - (ii) For the STP the above information is not required and Form TECH-2 of Section 3 shall not be used.
 - (b) (i) For the FTP only: comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; and on requirements for counterpart staff and facilities including: administrative support, office space, local transportation, equipment, data, etc. to be provided by RAC (Form TECH-3 of Section 3).
 - (ii) For the STP Form TECH-3 of Section 3 shall not be used; the above comments and suggestions, if any, should be incorporated into the description of the approach and methodology (refer to following sub-para. 3.4 (c) (ii)).

-
- (c) (i) For the FTP, and STP: a description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, work plan, and organization and staffing schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule (Form TECH-8 of Section 3) which will show in the form of a bar chart the timing proposed for each activity.
- (ii) For the STP only: the description of the approach, methodology and work plan should normally consist of about 10 pages, including charts, diagrams, and comments and suggestions, if any, on Terms of Reference and counterpart staff and facilities.
- (d) The list of the proposed Professional staff team by area of expertise, the position that would be assigned to each staff team member, and their tasks (Form TECH-5 of Section 3).
- (e) Estimates of the staff input (staff-months of foreign and local professionals) needed to carry out the assignment (Form TECH-7 of Section 3). The staff-months input should be indicated separately for home office and field activities, and for foreign and local Professional staff.
- (f) CVs of the Professional staff signed by the staff themselves or by the authorized representative of the Professional Staff (Form TECH-6 of Section 3).
- (g) For the FTP only: a detailed description of the proposed methodology and staffing for training, if the Data Sheet specifies training as a specific component of the assignment.
- 3.5. The Technical Proposal shall not include any financial information. A Technical Proposal containing financial information may be declared non responsive.

Financial Proposals

- 3.6. The Financial Proposal shall be prepared using the attached Standard Forms (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and at the Consultants' home office), and (b) reimbursable expenses indicated in the Data Sheet. If appropriate, these costs should be broken down by activity and, if appropriate, into foreign and local expenditures. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.

Taxes

- 3.7. The Consultant may be subject to local taxes (such as: value added or sales tax, social charges or income taxes on non resident Foreign Personnel, duties, fees, levies or withholding tax etc) on amounts payable by the RAC under the Contract. RAC will state in the Data Sheet if the Consultant is subject to payment of any local taxes.
- 3.8. Consultants may express the price of their services in a maximum of three freely convertible currencies, singly or in combination. RAC may require Consultants to state the portion of their price representing local cost in the national currency if so indicated in the Data Sheet.
- 3.9. Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment

will be listed in the Financial Proposal Form FIN-1 of Section 4.

4. Submission, Receipt, and Opening of Proposals

- 4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see para. 1.2) shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signed the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4.
- 4.2 An authorized representative of the Consultants shall initial all pages of the original Technical and Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been duly authorized to sign. The signed Technical and Financial Proposals shall be marked "ORIGINAL".
- 4.3 The Technical Proposal shall be marked "ORIGINAL" or "COPY" as appropriate. The Technical Proposals shall be sent to the addresses referred to in para. 4.5 and in the number of copies indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.
- 4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "TECHNICAL PROPOSAL" Similarly, the original Financial Proposal (if required under the selection method indicated in the Data Sheet) shall be placed in a sealed envelope clearly marked "FINANCIAL PROPOSAL" followed by the number and the name of the assignment, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**" The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address, reference number and title of the Loan, and be clearly marked "**DO NOT OPEN, EXCEPT IN PUBLIC**". RAC shall not be responsible for misplacement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be case for Proposal rejection. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.
- 4.5 The Proposals must be sent to the address/addresses indicated in the Data Sheet and received by RAC no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with para. 2.2. Any proposal received by RAC after the deadline for submission shall be returned unopened.
- 4.6 RAC shall open the Technical Proposal immediately after the deadline for their submission. The envelopes with the Financial Proposal shall remain sealed and securely stored.

5. Proposal Evaluation

- 5.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact RAC on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence RAC in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

Evaluation of Technical Proposals

- 5.2 The evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

Financial Proposals for Quality Based Selection (QBS)

- 5.3 Following the ranking of technical Proposals, when selection is based on quality only (QBS), the first ranked Consultant is invited to negotiate its proposal and the Contract in accordance with the instructions given under clause 6 of these Instructions.

Public Opening and Evaluation of Financial Proposals (only for QCBS, FBS, and LCS)

- 5.4 After the technical evaluation is completed, RAC shall inform the Consultants who have submitted proposals the technical scores obtained by their Technical Proposals, and shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non responsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. RAC shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, the date, time and location for opening the Financial Proposals. The opening date shall not be sooner than seven days after the notification date. The notification may be done by hand with acknowledgement of receipt or be sent by registered letter, cable, telex, facsimile.
- 5.5 Financial Proposals shall be opened publicly in the presence of the Consultants' representatives who choose to attend. The name of the Consultants and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to certify that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Consultants' attendance at the opening of Financial Proposals is optional.
- 5.6 The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, as indicated under para. 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal, (i) if the Time-Based form of contract has been included in the RFP, the Evaluation Committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity and correct the total Proposal cost, (ii) if the Lump-Sum form of contract has been included in the RFP, no corrections are applied to the Financial Proposal in this respect. Prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the Data Sheet.
- 5.7 In case of QCBS, the lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the Data Sheet: $S = St \times T\% + Sf \times P\%$. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
- 5.8 In the case of Fixed-Budget Selection, RAC will select the Consultant that submitted the highest ranked Technical Proposal within the budget. Proposals that exceed the indicated budget will be rejected. In the case of the Least-Cost Selection, RAC will select the lowest proposal among those that passed the minimum technical score. In both cases the evaluated proposal price according to para. 5.6 shall be considered, and the selected Consultant is invited for negotiations.

6. Negotiations

- 6.1 Negotiations will be held at the date and address indicated in the Data Sheet. The invited Consultant will, as a pre-requisite for attendance at the negotiations, certify availability of all Professional staff. Failure in satisfying such requirements may result in RAC proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

Technical negotiations

- 6.2 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. RAC and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as "Description of Services". Special attention will be paid to clearly defining the inputs and facilities required from RAC to ensure satisfactory implementation of the assignment. RAC shall prepare minutes of negotiations which will be signed by RAC and the Consultant.

Financial negotiations

- 6.3 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the local tax amount to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the Consultant's tax liability in the Republic of Rwanda, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. It is mandatory for the consultants to educate themselves about tax regimes as well as which taxes are applicable in order to incorporate such taxes in their financial proposals before submission. Any financial proposal that is not tax inclusive may be rejected. Taxes identified by RAC not applicable shall be removed from the financial proposal and evaluation will only be based on applicable taxes. Consultants will provide RAC with the information on remuneration rates described in the Appendix attached to Section 4 - Financial Proposal - Standard Forms of this RFP.

Availability of Professional staff/experts

- 6.4 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the RAC expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, RAC will require assurances that the Professional staff will be actually available. The RAC will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

Conclusion of the negotiations

- 6.5 Negotiations will conclude with a review of the draft Contract. To complete negotiations RAC and the Consultant will initial the agreed Contract. If negotiations fail, RAC will invite the Consultant

whose Proposal received the second highest score to negotiate a Contract.

7. Award of Contract

- 7.1 After completing negotiations, RAC shall award the Contract to the best selected Consultant, and unsuccessful bidders shall have no right to appeal. After Contract signature, RAC may return the unopened Financial Proposals to the unsuccessful Consultants upon request.
- 7.2 The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.

8. Confidentiality

Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted the Proposals or to other persons not officially concerned with the process, until the publication of the award of Contract. The undue use by any Consultant of confidential information related to the process may result in the rejection of its Proposal and may be subject to the sanctions under the Rwanda airports procurement manual on public procurement.

CONSULTANCY SERVICES FOR DESIGN AND SUPERVISION OF CONSTRUCTION WORKS AT KIGALI INTERNATIONAL AIRPORT (KIA) UNDER FRAMEWORK CONTRACT

1. BACKGROUND

Kigali International Airport (KIA) has been experiencing steady growth in passengers and air transport movements over the past 5 years and it is anticipated that this trend will continue into the future. Much of the increase in passengers and air traffic is the result of the growth of the national airline, RwandAir that has gained a reputation of punctuality and good service within the regional market. The growth at KIA is also the result of other airlines that have started to provide services to this destination over the past 3 years. And there are more other airlines including those from Europe and Middle East that intend to include KIA as one of the destinations in their global schedules.

In recognition of the physical constraints of the existing KIA site, it has become necessary to undertake some key infrastructural developments at KIA to ensure that the airport continues to maintain its level of service to passengers, airlines and other airport users.

These projects will include construction of new airport buildings, expansion/improvements of existing, construction of access roads, construction of fence and other related airport facilities such as water networks, air conditioning and ventilation, systems integration etc.

In order to achieve the above, RAC has chosen to hire a consultant to provide consultancy services through carrying out different studies, conceptual and/ or detailed designs and works supervision services on an annual contract.

2. SCOPE OF THE CONSULTANCY SERVICES

2.1 General Scope of Services

The general requirement is for the consultant to provide consultancy services relating to KIA infrastructure development projects. The scope of the consultancy services is to include

- Design reviews and design updates - for elements already designed by others,
- Topographical surveys and geotechnical studies - for the areas found to have not been covered by similar previous studies,
- Development of complete detailed design, including but not limited to architectural, structural, electrical, electronic, electro-mechanical, mechanical, civil and building and interior design etc; including if required additional study for environmental assessment and management.
- Development of relevant specifications for construction, manufacture, Installation, testing and commissioning.
- Produce sets of bill of quantities together with tender documents to facilitate the tendering process
- Assist RAC during tender evaluation and;
- Carry out site supervision during the construction stage.

Each project as should be identified by RAC will be executed over a suitable timeline that suits operational requirements. During site supervision, two or more similar projects within same timeline or with overlapping timelines may be combined and the consultant may be required to deploy one team to supervise both projects.

The consultant shall act as the Engineer during the construction stage of each project and shall advise the RAC on the various aspects of the Employer's responsibilities under each construction contract.

2.2 Design Review Services

Certain projects may have already been designed by others and design review shall be carried out for such projects. The scope of the Design Review shall include the following:

- Assess the parameters that the design is based on and determine alternative parameters that can provide better cost effective solutions.
- Carry out a buildability and viability review of the design produced and whether there are areas for changes to suit budget constraints or improvements based on current international best practice and technological knowledge.
- Opportunities for value engineering.
- Opportunities for reducing design impact upon the airport's normal operations.
- Any additional salient points considered important by the review team with a key focus on reducing costs.

A brief report shall be prepared documenting the consultant's findings of the review together with recommendations for changes in design that will generate a reduction in cost and programme.

Upon receipt of RAC approval of the recommendations made in the Design Review Report, the consultant may be requested to carry out the approved changes to the design and prepare the necessary drawings and specifications.

2.3 Detailed Design Services

When found necessary and requested by RAC, the consultant shall carry out detailed design for some projects. The design shall be full multi-disciplinary that includes architectural, structural and all the appropriate engineering disciplines depending on the requirements of each respective project. The initial concept design shall first be prepared together with cost estimates and discussed with RAC and the relevant stakeholders. Once the concepts have been agreed the design shall be developed into a final scheme design. The final scheme design for each element shall include all the relevant drawings and a cost estimate.

2.4 Tender Documentation and Tender Evaluation

On receipt of RAC approval of the final scheme design, the consultant shall prepare all the necessary tender documents that will include the Employers Requirements, Drawings, Specifications, and a Pricing Document or a Bills of Quantities.

During the tender process the consultant shall provide all the necessary technical and contractual responses to queries raised by the tenderers. The tender process will be managed by RAC and hence all communications during the tender period shall be via RAC.

On returns of tenders for each respective element, the consultant shall assist the RAC with the evaluation of the tenders. Tenders shall be evaluated for compliance with tender documentation, technical approach of the contractor for undertaking the works and cost that will include a full review of the rates in the Pricing Document or the Bills of Quantities.

2.5 Site Supervision Services

The Consultant shall carry out all duties and responsibilities of the Engineer as specified under the World Bank Harmonized Edition of the Conditions of Contract for Construction

prepared by the International Federation of Consulting Engineers (Federation Internationale des Ingenieurs-Conseils, or FIDIC), FIDIC 2010.

These shall include but not be limited to:

- a) To prepare a construction supervision plan outlining the routines and procedures to be applied in construction supervision, administration and quality control.
- b) Issue all necessary instructions to the contractor, check and control the work to ensure that it is carried out in accordance with the contract requirements.
- c) Provide general guidance to the contractor as may be necessary to ensure that the works are carried out expeditiously according to the specified standards, agreed schedule and within the terms of the contract.
- d) During the execution of the works, carry out regular inspections of all work areas, items, installations and systems to ensure compliance with design, project specifications and quality standards including contractor's own quality system. Keep all necessary records, including reporting of any non-conformances for further action.
- e) Maintain a full daily record of all the plant employed on undertaking earthworks including the monitoring of contractor's work methodology and testing of soil samples and in-situ compaction. Maintain full records of all test results.
- f) Liaise with the consultant's design team as necessary to obtain any necessary design data and parameters to ensure compliance of the works to design.
- g) Obtain all the necessary quality and specification compliance certificates from the contractor and check and approve all materials, items and equipment required for the project to ensure compliance with specifications.
- h) Ensure the contractor performs all the testing required for compliance with project specifications and witness the testing being undertaken. Keep and maintain all testing records.
- i) Ascertain and agree with the contractor monthly measurements of work executed together with their applications for payment and certify these to the Employer as being correct and within the terms of the contract.
- j) Maintain a record of the results of all monthly work measurements carried out for payments to the contractor.
- k) Check and approve all working drawings prepared by the contractor.
- l) Monitor contractor's working methods for compliance with Safety Regulations and the project specific Health & Safety Plan.
- m) Monitor contractor's compliance with the airport's specific safety and security regulations and ensure that they are complied with.
- n) Monitor and obtain from the contractor his daily plant and labour returns.
- o) Maintain site diaries, photographs and other documents necessary to record the contractor's compliance with the contract.
- p) Provide all necessary supervision as generally understood and as agreed by the Employer for proper execution, completion and commissioning of the works.
- q) Prepare and submit to the Employer:
 - Monthly progress reports
 - Technical reports as necessary
 - Final completion reports and and
 - Other reports
- r) Monitor and witness all the testing and commissioning of the works, items, and systems.

s) For any airport operational equipment or systems, when required to do so, attend Factory Acceptance Tests (FAT's), Site Acceptance Tests (SAT's) and Operational Acceptance Tests (OPT's) upon completion.

t) Ensure the contractor prepares all the 'As Built' and 'As Installed' drawings including maintenance manuals and preventive maintenance schedules.

2.6 Project Reporting Services

The consultant shall prepare and submit to RAC all the reports as specified in this section. Unless hardcopies are specified for any particular report type, submission of reports shall be in an electronic format by email or via an FTP site or via suitable media. In addition to the specific reports specified for certain parts of the consultancy services, the consultant shall submit the following reports:

i) Executive Reports

The consultant shall prepare and submit to RAC an Executive Report that tracks the overall progress of each Project. The report shall monitor the overall programme of the full development charting progress of each element. The report shall provide key details of the quarter and show a graphical representation of the status of time and cost for each element.

ii) Design Reports

The consultant shall prepare and submit to RAC a concept design report upon completion of the initial preliminary/concept design for each element of the project.

On completion of the final scheme design, the consultant shall prepare and submit to RAC the final scheme design report. The report shall summarise the basis of design and where relevant, provide references to the background data used in the design.

iii) Tender Evaluation Report

The consultant shall prepare and submit to RAC a tender evaluation report upon completion of each tender for each respective Project. The tender evaluation shall be based on an appropriate marking matrix that is to be developed for each element that takes into account the specific technical and operational requirements as set out in the tender documents.

iv) Monthly Progress Reports during Construction Stages

During the construction stage of each respective element, the consultant shall prepare and submit to the Employer a Monthly Progress Report by the middle of each month summarizing the work activities and progress achieved by the contractor for the preceding month and the work accomplished by the supervision team for the same period. The report shall outline any problems encountered (administrative, technical or financial) and give recommendations on how these problems may be overcome. The report shall include the following:

- Brief summary of the work undertaken during the month
- Programme review and progress made on work undertaken including percentage of actual progress against planned progress
- Status of design development and working drawings by the contractor
- Status of procurement for the various materials, items and equipment
- Quality control testing carried out and non-conformances
- Weather conditions and any weather related delays
- Contractor's equipment and materials on site
- Contractors payment record
- Project cash flow projections
- Claims for cost and time extensions by the contractor or any other third party
- Variations

- Environmental mitigation measures including any social issues
- Health and safety issues
- Problems encountered on site
- Progress photographs
- Contractors and consultants personnel on site

v) Technical Reports and Other Reports

The Consultant shall produce as necessary technical reports and position papers dealing with technical matters arising during the implementation of the project work programme.

vi) Final Completion Reports

The Consultant shall prepare a final completion report for each project when it reaches a stage of completion. These reports shall initially be submitted in draft and shall summarize the method of construction, the construction supervision performed, and recommendations for future maintenance including any necessary recommendations for training of the Employer's staff in Engineering and maintenance.

3 CONSULTANT'S TEAM

The Consultant shall be responsible for providing all personnel (both expatriate and local) necessary for successfully carrying out all aspects of the consultancy services. The Consultant shall provide suitable staff with appropriate qualifications and good experience in airport development works.

The consultant team should be composed of the following:

The contract shall be automatically terminated when the Consultant deserts his duties.

Upon termination of this Contract, RAC shall pay to the Consultant remuneration for Services satisfactorily performed prior to the effective date of termination, without prejudice to any remedy available to the client.

Article 13: Relationship

Nothing contained in this Contract shall be construed as establishing or creating between RAC and the Consultant the relationship of master and servant, principal and agent or employer and employee; it being understood that the Consultant is an independent contractor in relation to the Client. No person engaged by the Consultant in connection with the performance of any obligation under this Contract shall be regarded as an agent, servant, employee of the Client, and the Consultant shall be solely responsible for all claims by such persons arising out of or in connection with their engagement by the Consultant. The Consultant shall inform such persons of the foregoing.

Article 14: Assignment of Personnel

Other than persons specifically named in this Contract, no person shall be assigned by the Consultant to work or perform services in connection with this Contract until after the Consultant has notified of RAC of the identity of such proposed persons and has provided RAC with their curricula vitae, and RAC has notified the Consultant that RAC approves of such assignments.

Article 15: Removal and/or replacement of Personnel

- a. Except as RAC may otherwise agree, no changes shall be made in the personnel. If for any reason beyond the reasonable control of the Consultant, it becomes necessary to replace any of the personnel, the Consultant shall promptly provide as a replacement a person of equivalent or better qualifications, subject to a written approval of RAC of the proposed personnel.
- b. If RAC (i) finds that any of the personnel has committed a criminal action or, or (ii) has reasonable cause to be dissatisfied with the performance of any of the personnel then the Consultant shall, at the Client's written request specifying the grounds therefore, promptly provide as a replacement a person with equivalent or better qualifications
- c. Such withdrawal or replacement shall not be a cause for suspension of the Contract.
- d. Any costs or expenses resulting from any withdrawal or replacement of persons pursuant to paragraph a. and b. of this Article shall be borne by the Consultant, and the payment to be made by RAC for any of the personnel provided as a replacement shall not exceed the payment which would have been made in respect of the personnel replaced.

Article 16: Workmen's Compensation and other Insurance

The Consultant shall take out and maintain:

- i. All applicable workmen's compensation and liability insurance with respect to its agents, servants and employees performing work or services in connection with this Contract;
- ii. Liability insurance in an appropriate amount for death, bodily injury or damage to property arising from the operation of any vehicles, boats or airplanes or other

-
- equipment owned or leased by the Consultant or its agents, servants, employees, subcontractors and independent contractors performing work or services in connection with this Contract;
- iii. Comprehensive general liability insurance in an appropriate amount for all claims for death,
 - iv. bodily injury or damage to property, including, but not limited to, products liability, arising from acts performed or omissions committed by the Consultant, its agents, servants, employees, subcontractors and independent contractors in connection with this Contract; and
 - v. Such other insurance as may be agreed upon between RAC and the Consultant.
- a. The Consultant shall ensure that all policies of insurance referred to above, other than for workmen's compensation, shall name RAC and, where appropriate, subcontractors and independent contractors concerned, as additional insured parties.
 - b. Upon request by the Client, the Consultant shall provide evidence, to the reasonable satisfaction of the Client, of the insurance referred to above and shall give RAC reasonable advance notice of any proposed changes related to such insurance.
 - c. RAC undertakes no responsibility to provide life, health, accident, travel or any other insurance coverage which may be necessary or desirable in respect of any persons performing services in connection with this Contract.

Article 17: Source of Instructions

The Consultant, its agents, servants, employees, subcontractors and independent contractors, shall neither seek nor accept instructions from any authority external to the Racine connection with the performance of their obligations under this Contract, and shall refrain from any action which may adversely affect the Client. The Consultant shall take all reasonable measures to ensure that its agents, servants, employees, subcontractors and independent contractors comply with the provisions of this Article.

Article 18: Officials not to Benefit

The Consultant warrants that no Government official or employee has been or will be, directly or indirectly, offered or given any inducement or benefit in connection with this Contract or the award thereof.

Article 19: Subcontracting

The Consultant shall engage no subcontractor to perform any work or services in connection with this Contract unless the Consultant shall have notified RAC of the identity of the proposed subcontractor and RAC shall have notified the Consultant of its approval of the engagement of the subcontractor. The approval by RAC of the engagement of a subcontractor shall not relieve the Consultant of any of its obligations under this Contract or from its responsibility for the work or services performed by the subcontractor. The terms of any subcontract shall be subject to and in conformity with the provisions of this Contract.

Article: 20: Fraud and Corruption

If RAC determines that the Consultant, his employees, agents, subcontractors, or any other person acting in the name or on the account of the consultant, has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for or in executing the contract, then the RAC may after giving 15days notice to the consultant terminate the contract.

Article 21: Assignment

The Consultant shall not assign, transfer, pledge or make other disposition of this Contract or any part thereof or of any of the Consultant's rights, claims or obligations under this Contract except after obtaining the prior written approval of the Client.

Article 22: Confidential Nature of Documents

- a. All maps, drawings, photographs, mosaics, plans, manuscripts, records, reports, recommendations, estimates, documents and all other data (referred to hereinafter in this Article as "documents") compiled by or received by the Consultant or its agents, servants, employees, subcontractors or independent contractors in connection with this Contract shall be the property of the Client, shall be treated as confidential and shall be delivered only to duly authorized Client's officials on completion of work or services under this Contract or termination of the Contract, or as may otherwise be required by the Client.
- b. In no event shall the contents of such documents or any information known or made known to the Consultant by reason of its association with RAC be made known by the Consultant or its agents, servants, employees, subcontractors or independent contractors to any unauthorized person without written approval of the Client.
- c. Subject to the provisions of this Article, the Consultant may retain a copy of documents produced by the Consultant.
- d. The Consultant shall take all reasonable measures to ensure that its agents, servants, employees, subcontractors and independent contractors comply with the provisions of this Article.
- e. The obligations in this Article do not lapse upon termination of this Contract.

Article 23: Use of Name, Emblem or Official Seal of the Client

The Consultant, its agents, servants, employees, subcontractors and independent contractors shall not advertise or otherwise make public the fact that it is performing, or has performed, work or services for RAC or use the name, emblem or official seal of RAC or any abbreviation of the name of RAC in connection with its business for advertising purposes or for any other purposes. The Consultant shall take all reasonable measures to ensure compliance with this provision by its agents, servants, employees, subcontractors, and independent contractors. This obligation does not lapse upon termination of the Contract.

Article 24: Copyright, Patents and Other Proprietary Rights

- a. All intellectual property and other proprietary rights, including but not limited to patents, copyrights and trademarks with regard to maps, drawings, photographs, mosaics, plans, manuscripts, records, reports, recommendations, estimates, documents and other materials, (referred to hereinafter in this Article as "materials") except pre-existing materials, publicly or privately owned, collected or prepared in consequence of or in the course of the performance of this Contract, shall become the sole property of Client, which shall have the sole right to publish the same in whole or in part and to adapt and use them as may seem desirable, and to authorize all translations and extensive quotations there from. If the Consultant incorporates in its materials any previously published or unpublished materials, it shall obtain permission for the publication, use and adaptation in any language free of cost to RAC from the persons in whom any existing copyrights therein may be vested and produce evidence to RAC of such permission.
- b. The Consultant agrees that it will forthwith disclose and assign to the RAC all discoveries, processes, or inventions, made or conceived in whole or in part by it alone or in conjunction with others relating to or arising out of this Contract, and the said discoveries, processes, or inventions, shall become and remain the property of the Client, whether or not patent applications are filed thereon.
- c. Upon request by RAC and at its expense, the Consultant shall take all necessary steps, execute all necessary documents and generally assist RAC in securing such proprietary rights and transferring them to RAC in compliance with the requirements of the applicable Rwanda airports procurement manual.
- d. The obligations in this Article do not lapse upon termination of the Contract.

Article 25: Equipment and Materials Furnished by the Client

Equipment and materials made available to the Consultant by the Client, or purchased by the Consultant with funds provided by the Client, shall be the property of RAC and shall be marked accordingly. Upon termination or expiration of this Contract, the Consultant shall make available to RAC an inventory of such equipment and materials and shall dispose of such equipment and materials in accordance with the Client's instructions.

Article 26 - Amendments

No modification of or change in this Contract, waiver of any of its provisions or additional contractual provisions shall be valid or enforceable unless previously approved in writing by the parties to this Contract or their duly authorized representatives in the form of an amendment to this Contract duly signed by the parties hereto.

Article 27: Liability

The Consultant shall be liable to fully indemnify, defend and hold harmless RAC for and against all and any losses or damages which RAC may suffer or incur (whether directly or

indirectly) as a result of the breach of this Contract by the Consultant or as a result of damages caused by the Consultant's employees.

Article 28: Limitation of Liability

Neither the Consultant, nor any of its officer, director, principal, employee, its agents, servants, employees, subcontractors or independent contractors shall be liable to RAC for any loss incurred by RAC in connection with the matter to which this Contract relates, except a loss resulting from the willful misconduct or gross negligence on the part the Consultant. Under no circumstances shall the Consultant be liable to RAC for any special, incidental, indirect, punitive or consequential loss or damage of any nature except as provided for under this Contract.

Article 29: Approval and Consents

An approval or consent by a party under this Contract shall only be valid if in writing but shall not relieve the other party from responsibility for complying with the requirements of this Contract nor shall it be construed as a waiver of any rights under this Contract except as and to the extent otherwise expressly provided in such approval or consent, or elsewhere in this Contract.

Article 30: Force Majeure

- a. If either party is rendered unable, wholly or in part, by Force Majeure (as hereinafter defined) or any other cause of any kind not reasonably within its control, to perform or comply with any obligation or condition of this Contract, upon giving written notice to the other party within five (5) days of the occurrence of the Force Majeure event, such obligation or condition and liability therefore shall be suspended during the continuance of the inability so caused; however, such period shall not exceed sixty (60) days from the giving of written notice. Upon expiration of the sixty (60) days from the giving of written notice, if the event of Force Majeure has not been overcome, this Contract may be terminated at the option of either party. The party claiming Force Majeure shall use its persistent, good faith and commercially reasonable efforts to overcome the event of Force Majeure. Strikes or labor trouble shall be deemed beyond the reasonable control of the party claiming Force Majeure, and such party shall under no circumstances be required to make any concessions or concede any demands to the party or parties causing the strike or labor trouble.
- b. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

Article 31: Entire Agreement and Severability

This Contract constitutes the entire agreement of the parties regarding the subject matter hereof, and supersedes all prior agreements and understandings, both written and oral, between the parties with respect to the subject matter hereof.

Article 32 - Good Faith

The Parties undertake to act in good faith with respect to each other's rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

Article 33: Governing law, Dispute resolution and Language

a. Governing law

- i. "This Contract shall be governed by and construed in accordance with the law of the Republic of Rwanda.
- ii. The Parties have further agreed that if the provisions of this Contract are inconsistent with the effective law of the Republic of Rwanda, the inconsistent provision shall be amended and brought in conformity with the law.
- iii. Invalidity of one or more provision or articles of this Contract shall not invalidate any other provisions or the Contract as a whole. If a provision is found to be invalid or contravenes national legislation, the parties will agree on amendment of the provision and in the case of disagreement, the matter shall be referred to the Minister of Justice/Attorney General for legal advice. In case the matter is not resolved, it shall be submitted to the competent courts of Rwanda for an equitable solution".

b. Dispute Resolution

i. Amicable solution:

Any dispute or differences between the parties arising out of this Contract shall in the first instance be settled amicably by submitting such a dispute to a panel of senior representatives of the Parties to consider and resolve the Dispute. Each senior representative serving on such panel shall have full authority to settle the Dispute.

ii. Litigation:

"If the parties cannot settle the dispute amicably, the matter shall be referred to national courts of competent jurisdiction."

c. Language

All notices, correspondence, documentation or communications of whatsoever nature, reports submitted or prepared under or in connection with this Contract shall be in the English language.

Article 34: Waiver

No waiver of any provision or of any breach of this Contract shall constitute a waiver of any other provisions or any other or further breach, and no such waiver shall be effective unless made in writing and signed by an authorized representative of the party to be charged with

such a waiver. Nor shall a one-time waiver of a single provision constitute a permanent waiver of that party's rights under said provision.

Article 35: Notice

Each party chooses as its address for all purposes under this Contract whether for serving any court process or documents, giving any notice, or making any other communications of whatsoever nature and for any other purpose arising from this Contract as follows:

Rwanda Airports company:

.....
.....

The Client

.....
.....

Any notice required or permitted under this Contract shall be valid and effective only if in writing, and shall be deemed to have been received on the date of its reception.

Any party may by notice to the other party, change its chosen address to another physical address and such change shall take effect on the eighth (8) day after the date of receipt by the party who last receives the notice.

Article 36: Counterparts

This Contract may be executed in two counterparts, each of which shall be deemed an original, and both of which together shall constitute one and the same instrument.

Article 37: Entry into Force

This Contract comes into force on the date of its signature by both parties.
